END OF TERM

Next week is the last week of term. As usual we will be dismissing the children at the earlier time of 2.30pm. The last day of term is Thursday March 28th. The second term starts on Monday April 15th. We wish all families a safe and happy holiday.

EASTER RAFFLE

The tickets for the raffle have been distributed and Helen Worthington has more tickets for those that require them. Tickets cost $1.00 each. All ticket stubs and money should be returned by the end of term. The raffle will be drawn at 2.15pm on the last day of term. It is not too late to donate to our hamper prize.

EASTER HAT CONSTRUCTION

This Friday the children will be working on making an Easter Hat. They are encouraged to think about the design of their hat before they day and bring to school items that they wish to add to their hat. Danni Craig has volunteered to help work in the classroom this Friday at 11.30am to assist the children with the hat construction. All parents are welcome at this time.

On the final day of school we will be having an Easter Hat parade. The children can wear the hat they constructed at school or can surprise us with a hat they have made at home. Parents and friends are invited to dress up and join the fun. There will be prizes for the best hats. The children will be bringing home invitations.

J & S STOCKFEEDS

We would like to thank J & S Stockfeeds of Romsey for generously donating 20kg of chook food. We did not ask for a discount but as soon as the company realised the purchase was for the school they would not accept payment. Please support businesses that support our school.

VISIT FROM IGGY PIG

Scott Williams visited the school to show us Iggy. Iggy is a young piglet that Anne Williams and Scott have adopted to replace Tatiana. The children will miss visiting Tatiana but Iggy quickly won the hearts of the school.

Chitty Chitty Bang Bang

One of the highlights of the term has been our visit to the city to see the play Chitty, Chitty, Bang, Bang. Even though we had watched the movie the play was outstanding. The children were amazed at the scenery changes and excited to see the car fly. This production supported our flight theme.
